CV and tailoring status

No CV was available for this run. The repository's cvinput/ directory contained only .gitkeep, so I could not verify Alexandra D

Impact:

- The shortlist below is based on the workflow's target role families and sectors only.
- Fit rationales avoid adding unverified personal qualifications.
- No tailored CV or cover-letter documents were generated, because doing so would require inventing or assuming CV facts.
- Each language flag should be checked against Alexandra's actual CV once it is added to cvinput/.

Summary

Basel-specific corporate customer-facing roles were limited but useful this week. The strongest directly accessible or well-com
