

Weekly Alexandra Dedu job-search report - 2026-09-02

Executive summary

CV status: `cv\_input` contains only `.gitkeep`; no Alexandra CV PDF or DOCX is available in this checkout or `origin/HEAD`. Because the workflow requires tailoring documents only from verified CV facts, no tailored CV or cover-letter documents were generated this week.

Search focus: Basel, Basel-Stadt, Pratteln/nearby Basel-Land, reasonable commuting distance, and unusually strong Swiss hybrid/remote roles in account management, customer success, client services, customer operations, sales operations, relationship management, and regulated/customer-facing sectors.

Important limitation: Fit rationales below use only the role/sector background stated in the workflow trigger plus verified job-posting content. They should be revalidated against Alexandra's actual CV before application.

Role details and match rationale

1. Senior Account Manager - Descartes

- Application link: <https://jobs.descartes.com/job/Rheinfelden-Senior-Account-Manager-4310/599325617/>
- Location: Rheinfelden, Switzerland; role covers customer and partner relationships across Switzerland and requires Swiss travel.
- Source/posting date: Descartes careers site, 2 September 2026; employer page stated posted 16 hours ago at review time.
- Match rationale: Excellent title and location fit for a senior relationship/account-management profile. Responsibilities include primary ownership of customer and partner relationships, customer satisfaction, retention, revenue growth through upsell, contract renewals, and coordination with Professional Services, Marketing, Legal, and Customer Support.
- Suitability notes: Descartes is a global logistics and supply-chain technology company with SaaS-style cloud solutions. The main risk is domain specificity: the posting seeks strong EDI expertise, Procure-to-Pay and Order-to-Cash process knowledge, eInvoicing exposure, and 5+ years of B2B experience ideally in SaaS/subscription models. Strong candidate if Alexandra's CV confirms comparable SaaS, B2B platform, payments, logistics, or process-heavy account experience.
- Language requirements: Fluent German (Swiss) and English; French and/or Italian are an advantage. Flagged as above B2.
- Compensation: No range; employer states competitive compensation, benefits, remote/flexible work hours.

Weekly Alexandra Dedu job-search report - 2026-09-02

- Tailored documents generated: No, because no CV is available.

2. Account Manager (m/w/d) fuer die Region Basel - TA Triumph-Adler Schweiz AG

- Application link: <https://www.jobs.ch/en/vacancies/detail/c27c84b3-05f1-41f4-bacc-bc002452cd0a/>

- Location: Pratteln, Basel region; posting states hybrid work model and home-office option.

- Source/posting date: jobs.ch, 21 July 2026.

- Match rationale: Direct B2B account-management role covering assigned sales territory, existing customers, new customer acquisition, customer-specific offers, sales project leadership, and relationship expansion. This aligns well with account management, customer-facing operations, sales, relationship management, and coordination experience stated in the workflow.

- Suitability notes: Requires persuasive sales/rhetorical ability, negotiation skill, account-management experience preferred, analytical thinking, project planning, and customer-oriented execution. Sector is document/information management and digital workflows, a credible corporate B2B transfer area.

- Language requirements: German fluent; posting says only direct applications in German are considered. Flagged as above B2.

- Compensation: Not stated; posting mentions good earning opportunities and company car/private-use allowance option.

- Tailored documents generated: No, because no CV is available.

3. Account Manager - Netcloud AG

- Application link: <https://www.jobs.ch/en/vacancies/detail/9eb9871a-e9ea-4e27-a305-64edf124903d/>

- Location: Basel.

- Source/posting date: jobs.ch, 11 August 2026.

- Match rationale: Strong corporate account-manager opportunity in ICT solutions. Responsibilities include managing and expanding an existing Basel customer portfolio, coordinating cloud/cyber/AI/services projects, supplier coordination, and representing the employer at customers, partners, and events.

- Suitability notes: Good match for customer relationship ownership, stakeholder coordination, and B2B sales operations. The main risk is the requirement for a strong regional IT network and know-how in cloud, cyber defence, AI and services; this cannot be verified without the CV.

- Language requirements: Very good German spoken/written and good English. Flagged as likely above B2.

- Compensation: Not listed.

- Tailored documents generated: No, because no CV is available.

4. Sales Operations Specialist - TP-Link Switzerland GmbH

- Application link: <https://www.jobs.ch/en/vacancies/detail/b382c4fc-11c5-4edf-a5ff-095349c10fd4/>

- Location: Baar; posting says Swiss employment contract with flexibility to work from anywhere in Switzerland, currently 100% remote and later hybrid.

- Source/posting date: jobs.ch, 25 August 2026.

- Match rationale: Strong operations/commercial support fit: Swiss customer order processing, invoices, rebates, sales contracts/documentation, long-term customer relationship maintenance, customer-need analysis, and monthly/quarterly/yearly sales-performance reporting.

- Suitability notes: Especially relevant if Alexandra's background includes structured customer operations, reporting, back-office sales support, or commercial coordination. The remote Swiss setup makes the non-Basel location acceptable.

- Language requirements: Fluent German and fluent English. Flagged as above B2.

- Compensation: CHF 75,000-90,000/year plus performance-related bonus and benefits.

- Tailored documents generated: No, because no CV is available.

5. Key Account Manager Banken & Finanzinstitute - SMG Swiss Marketplace Group / IAZI

- Application link: <https://www.jobs.ch/en/vacancies/detail/99bcb4df-9082-4261-8cbe-6f020119ac0b/>

- Location: Zurich, hybrid working model.

- Source/posting date: jobs.ch, 28 August 2026.

- Match rationale: Strong corporate key-account role at a Swiss digital marketplace/data company, focused on banks and financial institutions. Duties include strategic customer relationship development, central contact ownership, support/service coordination with product and data teams, upselling/cross-selling, tenders, contract management, CRM documentation, and correct invoicing.

- Suitability notes: Good transfer path from iGaming/customer-facing account management into regulated digital/data services if Alexandra can show strategic account handling, commercial ownership, and comfort with digital products.

Risks: role asks for a bachelor-level business/finance/real-estate background or equivalent, SaaS/data/real-estate exposure, verifiable sales target success, and ideally a network in Swiss banks/financial institutions.

- Language requirements: Negotiation-safe German and English. Flagged as above B2.

- Compensation: Not listed; benefits include 6 weeks vacation, 40-hour week, flexible work model,

mental-health/wellbeing support, public-transport benefits, and parental leave.

- Tailored documents generated: No, because no CV is available.

6. Key Account Manager Marketplace - Pistor AG / Mercanto

- Application link: <https://www.jobs.ch/en/vacancies/detail/d74015f5-ad34-44e7-b38e-2ff97db004e5/>

- Location: Rothenburg / Luzern; posting notes flexible work model and home office depending on role.

- Source/posting date: jobs.ch, 5 August 2026.

- Match rationale: Strong B2B marketplace/e-commerce account role with national customer ownership, procurement-process analysis, solution concepts, platform onboarding/usage advice, solution selling, executive and procurement stakeholder presentations, new customer acquisition, relationship development, network management, and cross-functional coordination.

- Suitability notes: Sector fit is good for transferring account/customer operations experience into a Swiss B2B marketplace. Risks: location is outside Basel commuting priority; the role asks for several years in consulting, solution sales, customer care with revenue responsibility, project implementation, process optimisation, and digital/ERP/e-commerce platform affinity.

- Language requirements: Very good written and spoken German; French advantageous. Flagged as above B2.

- Compensation: Not listed; benefits include development support, health offerings, social benefits, profit participation, flexible work model, and at least 5 weeks vacation.

- Tailored documents generated: No, because no CV is available.

7. Account Manager in the Basel Region - Faigle AG

- Application link: <https://www.jobs.ch/en/vacancies/detail/25daef2c-82b0-466d-b3c1-574f96f68bd3/>

- Location: Basel region; fetched page labels Zurich but the role title and duties refer to the Basel region.

- Source/posting date: jobs.ch, 22 May 2026.

- Match rationale: Direct account-management role focused on developing and maintaining existing customers, acquiring new customers, consulting/selling managed printing, document management, and ECM solutions, and independently managing the sales territory.

- Suitability notes: Credible B2B services/technology transfer from account management and customer relationship experience. Risk areas: the posting asks for SME sales experience, regional anchoring, C-level negotiation, DMS/ECM or print/output experience, and IT/network affinity. Older posting, but page was still fetchable and not marked expired.

- Language requirements: Fluent German; French and English desired. Flagged as above B2.

- Compensation: Not listed.

- Tailored documents generated: No, because no CV is available.

8. Kundenberater/in fuer Privatkunden Basel 100% - CSS

- Application link: <https://www.jobs.ch/en/vacancies/detail/769f5234-bbe7-4cb2-8943-59baa20144c3/>

- Location: Basel.

- Source/posting date: jobs.ch, 18 August 2026.

- Match rationale: Regulated insurance customer-advisory role with personal, phone, email, and video customer contact; customer acquisition; cross-selling and upselling; portfolio growth; and team-based sales targets. This maps to customer-facing operations, sales, and client-service strengths.

- Suitability notes: Established employer, local Basel role, clear corporate benefits and training. Risk areas: health-insurance industry experience and VBV certificate are preferred; may be more advisor/sales-service oriented than account-management level.

- Language requirements: Header says German basic knowledge; body states advice in very good German and other languages welcome. Flagged as likely above B2 because the body requires very good German for customer advice.

- Compensation: Not listed; posting mentions bonus, Reka, discounted health-insurance premiums, flexible models/home office, and 6 weeks vacation.

- Tailored documents generated: No, because no CV is available.

9. Kundenberater:in, 100% Basel - Concordia

- Application link: <https://www.jobs.ch/en/vacancies/detail/73f246ee-2793-4efc-a13f-de8a2756d55d/>

- Location: Basel.

- Source/posting date: jobs.ch, 22 August 2026.

- Match rationale: Regulated insurance customer-advisory position involving acquisition, needs-based sales of health-insurance and pension solutions, independent support of existing insured customers, offers, administration, proactive appointments, and event/stand representation.

- Suitability notes: Good local corporate path and strong customer-sales overlap. Risks: German native requirement, VBV qualification expected or willingness to complete it, and role may sit below account-manager seniority.

- Language requirements: German native; every additional language advantageous. Flagged as above B2.

Weekly Alexandra Dedu job-search report - 2026-09-02

- Compensation: Not listed; posting describes pension, insurance, training, and tenure benefits.
- Tailored documents generated: No, because no CV is available.

10. Customer Success Manager - Customer Experience - isolutions AG

- Application link: <https://www.jobs.ch/en/vacancies/detail/3d5efc5c-1d29-4331-8ec2-2e63cb814ea3/>
- Location: Zurich, Bern or Basel with travel within Switzerland; hybrid and workation noted.
- Source/posting date: jobs.ch, 22 July 2026.
- Match rationale: The title and core duties are excellent on paper: long-term customer relationship management, customer-experience and CRM roadmap development, requirements analysis, stakeholder prioritisation, quality/deadline/budget responsibility, and coordination across consultants, architects, developers, and service desk.
- Suitability notes: Conditional fit because the posting asks for tertiary education, IT project management, CRM/customer-experience environment, and Microsoft Dynamics 365/Power Platform/Copilot experience. Without the CV, this technical SaaS/CRM match cannot be validated.
- Language requirements: Excellent Swiss German and very good English. Flagged as above B2.
- Compensation: Not listed.
- Tailored documents generated: No, because no CV is available.

Customer Service / call-center roles	Concentrix, Randstad, similar	Various jobs.ch results	Mostly lower seniority, multi-language/contact-center focused, or outside Basel; kept out in favour of account/customer-success roles with clearer corporate paths.

Recommended next actions

1. Add Alexandra's current CV as PDF or DOCX under `cv\_input` before the next run so tailored CV and cover-letter files can be generated without inventing facts.

Weekly Alexandra Dedu job-search report - 2026-09-02

2. Prioritise Descartes, TA Triumph-Adler, Netcloud, and TP-Link for manual review if Alexandra can meet the German requirement and any sector-specific prerequisites.
3. Treat all roles flagged above B2 German as requiring manual language-fit confirmation before investing time in tailoring.
4. Do not apply or contact employers from this workflow; all listings are for Alexandra's manual review only.
