Weekly job-search report for Alexandra Dedu - 2026-11-11

Executive summary

This run found several currently open Switzerland-based corporate roles with a credible match to the workflow brief: iGaming, account management, customer-facing operations, sales, relationship management, and coordination. The strongest Basel-area matches are B2B account management, customer/order operations, and customer success roles.

Important constraint: `cv_input/` was checked on this branch and on `origin/main`; it contains only `.gitkeep`. No CV, resume, certificate, or supporting document was available. For that reason, this report uses only the factual background stated in the workflow prompt and does not claim Alexandra's exact education, languages, achievements, tools, employers, or industry results. Tailored CV and cover-letter documents were not generated because doing so would require unsupported CV facts.

Search scope and method

- Search date: 2026-11-11.
- Priority geography: Basel, Basel-Stadt, Basel region, nearby Switzerland, plus remote or hybrid Switzerland roles.
- Target functions: Account Manager, Key Account Manager, Customer Success Manager, Client Services, Customer Operations, Sales Operations, Partnership Manager, Relationship Manager, and customer advisory roles.
- Target sectors: SaaS, technology, payments/fintech, banking/insurance, corporate health, B2B services, and adjacent regulated/corporate sectors.
- Source preference: employer career pages and reputable Swiss job boards. Stale or unverifiable listings were excluded or downgraded.
- German language flag: roles asking for fluent, very good, native, C1/C2, or Swiss German are flagged as German above B2.

Best-fit shortlist

1. CH Media / jobbasel.ch - Account Manager: strongest direct transfer to B2B account management and customer acquisition in Basel.
2. TalentCloud client - Order Management Specialist: strongest operations and coordination match; good if Alexandra wants less pure hunting and more customer/order process ownership.
3. Matrix42 - Customer Success Manager Digital: strong customer success / operations / lifecycle fit, but Swiss German requirement must be checked against Alexandra's actual language level.
4. Sanacare - Key Account Manager Corporate Health: strong B2B account-management content with a corporate health
domain stretch.
5. Netcloud - Account Manager: attractive Basel ICT account-management path if Alexandra can credibly evidence technical-services sales exposure or fast learning.

Roles requiring German above B2

Most high-quality Basel roles found this week require German above B2. The following recommended roles explicitly require very good, fluent, native, C1/C2, or Swiss German: CH Media/jobbasel.ch, TalentCloud client, Matrix42, Sanacare, Netcloud, WIR Bank, Bottomline, skybris client, and Bechtle. Rain did not state a German requirement in the captured listing.

Because the CV is missing, Alexandra's German level could not be verified. These roles should not be treated as safe application targets until her actual language level is confirmed.

Excluded or downgraded roles

Role	Employer	Reason
Customer Success Manager Swiss-Noxtua	Helbing Lichtenhahn Verlag	Job boards showed the role, but the official Helbing vacancies page did not list it during verification; excluded as unverified/stale.
Client Service Manager (80-100%)	SIX Group AG	Search result looked relevant in Olten, but the jobs.ch detail URL returned 404 during verification; excluded as unavailable.
Assistant Relationship Manager / Account Manager - Basel	Julius Baer	Aggregators showed the role, but an indexed source also reported removal and no official Workday page was found; additionally requires private-banking ARM experience.
Client Service Specialist Operations	Bank CIC (Schweiz) AG	Reputable aggregators showed a Basel role, but no official listing was verified; also requires bank apprenticeship plus 3-5 years in onboarding/compliance.
Account Manager ERV - Region West	Helvetia	Aggregators showed a Basel/Region West role, but Helvetia's official jobs page did not show that Basel role during this run.
Partnership Manager - DACH	Accessiway	Official role is live, but listed locations are Germany, Portugal, Spain, and Austria, with remote status; Switzerland contract/location eligibility was not explicit. Requires full professional German C1/C2/native level and DACH partnership network.
Account Manager, German-speaking	Prostay	Official remote Europe role is live and relevant to DACH account management, but it is hospitality-tech specific, requires native/fully fluent German, and is less Switzerland/Basel-focused than the ranked roles.
CRM External Asset Manager	Bank J. Safra Sarasin	Live Basel role, but requires university finance degree and 5-10 years of private banking/EAM experience; too specialized without CV evidence.

Tailored documents

No tailored CVs or cover letters were generated in PDF or DOCX format. The repository does not currently contain Alexandra's CV or source profile documents, and the workflow explicitly requires using only factual experience, skills, and qualifications from the CV. Generating tailored application documents without the CV would risk inventing qualifications, language ability, education, or achievements.
