Constraint: the directly fetched official role is Lörrach, not Basel; cross-border work rights, tax, and commute need checking before applying.

Best roles for future tailored documents

If Alexandra's CV is added to cv_input/, the best 3-5 roles for tailored CV and cover-letter generation are:

1. Berest Genuss AG - Hilfskoch / Allrounder: best balance of kitchen exposure, training openness, modest language requirement, and Basel location.
2. SV (Schweiz) AG - Gastronomie Allrounder: strong career-transition wording and credible use of customer service, organisation, reliability, and fast-paced operations.
3. tibits Basel Steinen - Produktionsmitarbeiter:i n: practical food production and buffet work, with a progressive employer and no formal culinary qualification stated.
4. McDonald's Suisse - Crew Basel: lowest barrier to entry and strong structured training; best if immediate employment and kitchen/service basics are the priority.
5. Ryago AG - Hilfskoch: good hands-on catering pathway if Alexandra has a category B driving licence and enough German for oral workplace communication.

Roles excluded or kept off the shortlist

Employer / role	Source / link	Reason excluded
Berest AG - Hilfskoch / Hilfsköchin, season to 2026-09-30	jobs.ch listing found in search	Excluded because the season end date was 2026-09-30, already past on this run date. A newer Berest/GastroHotelJobs 40-80% role was shortlisted instead.
Randstad - Küchenhilfe / Officemitarbeiter	Randstad and jobs.ch direct URLs returned 404; Jobijoba mirrored content remained visible	Good duties, but the primary employer/board pages returned 404 during direct validation, so it was treated as uncertain rather than shortlisted.
Migros Take Away Paradies - Mitarbeiter*in Gastro Take Away, 60%	https://jobs.migros.ch/d e/unsere-unternehmen/job /genossenschaft-migros-basel/mitarbeiterin-gastr o-take-away-migros-parad ies/9da91696-a9bf-4738-8 423-4814a2f42f87	Excluded from top picks because it requires 1-2 years gastronomy experience, EBA in gastronomy/sales, and "Deutsch (sehr gute Kenntnisse)". Stronger fit only if Alexandra's CV confirms those requirements.
Migros Take Away Paradis - Gastro Allrounder, 30-40%	Migros Jobs search result	Excluded for similar reasons: EBA and 1-2 years experience wished/required, plus "sehr gute" German.
Migros Hausbäckerei Bahnhof SBB - Gastro Hilfskraft	Migros Jobs search results; one direct URL returned 404	Interesting food-production role, but the 100% version asks for 1-2 years in bakery/kitchen and very good German; the 40% direct URL returned 404.
Coop Restaurant / Bâle Hotels Group - Koch/Köchin roles	Coop Jobs / Hotelcareer search results	Excluded because they require completed Koch/Köchin EFZ/EBA or comparable kitchen training.
Manor - Mitarbeiter*in Küche / Koch/Köchin	Jobijoba/XING search results	Excluded because postings ask for extensive similar experience and/or fluent German, making them weak transition targets.
Adullam-Stiftung - Mitarbeiter:in Küche als Allrounder	jobs.ch search result	Excluded because it asks for experience as kitchen worker/helper cook and very good German; direct fetch did not reliably return the listing details.
BAZG - Mitarbeiter/-in Küche, Liestal	jobs.admin.ch search result; direct fetch returned 404	Potentially interesting institutional kitchen role, but direct validation failed and posting asks for completed training and/or several years gastronomy experience.
Unispital Basel - Mitarbeiter*in Hotellerie Service 20-60%	Search result; direct fetch returned 404	Hospitality-adjacent but not kitchen-focused. Also requires at least B2 German and very good Swiss-German comprehension; keep as a backup only if Alexandra's CV confirms language fit.
Burger King / Marché - Crewmember Burger King, Basel	Coop Jobs result returned 404; Burger King official generic page fetched	Not excluded entirely from consideration, but not ranked higher because the directly fetched official page did not show the Basel location. If applying, verify that Basel / Sankt Jakobs-Strasse is selectable in the Burger King application flow.
Sutter Begg - Verkäufer/in, apprenticeships, Schnupperwoche	Sutter Begg / Jobalino search results	Mostly sales or apprenticeship/trial options, not immediate kitchen/hospitality employment; some require very good German or had start dates already in the past.
Hotel breakfast service roles - Schweizerhof, Volkshaus, Hotel Victoria	Jobborse / GastroHotelJobs / JobScout24 search results	Excluded from top picks because they require hotel/service training or solid service/buffet experience plus very good German/English; weaker path into kitchen than shortlisted roles.

Blocked or missing information

- CV missing: No candidate CV or source profile document is present in cv_input/; only .gitkeep exists. This blocks honest tailored CV and cover-letter generation.
- Language level unknown: Because the CV is missing, Alexandra's documented German, English, and other language levels cannot be verified. Roles with "good German" should be checked against her actual ability before applying.
- Some sources blocked or stale: Several job-board URLs returned 404 during direct fetch even though mirrored search snippets were visible. These were excluded or flagged rather than treated as reliable.
- No applications submitted: This run did not create accounts, submit applications, contact employers, or send emails.

Recommended follow-up

1. Add Alexandra's current CV to cv_input/ as PDF or DOCX before the next run.
2. Confirm Alexandra's German level, Swiss work permit status, and whether she has a category B driving licence.
3. If the CV becomes available, generate tailored application materials first for Berest, SV, tibits, McDonald's, and Ryago.
