Weekly job-search report for Alexandra Dedu - 2026-10-21

Executive summary

- CV input status: cv_input/ contains only .gitkeep; no Alexandra CV PDF/DOCX was available in this repository on this run.
- Because no CV could be read, the search used only the factual candidate summary provided in the workflow prompt: iGaming, account management, customer-facing operations, sales, relationship management, and coordination.
- Tailored CV and cover-letter documents were not generated. Creating them without a CV would risk inventing education, employers, dates, languages, achievements, and contact details.
- The strongest verified opportunities this week are concentrated in Basel/Rheinfelden and Swiss-remote customer-success/account-management roles. Most require German at fluent, Swiss German, or C1/C2 level; those roles are flagged below because Alexandra's actual language level could not be verified from a CV.

Search method and quality filter

Searched current postings from official company careers pages, ATS pages, and reputable Swiss job boards. Removed or downgraded duplicates, expired pages, roles whose official pages returned 404/list-only pages, internships, roles clearly below the requested level, and roles that require specialist domain backgrounds with no verified CV support. No applications, accounts, employer contacts, or messages were created.

Ranked open roles

Rank: 1
Role: Senior Client Service Manager
Employer: Albedis
Location/work style: Basel or Zurich; home office possible
Source/link: Albedis official careers: https://www.albedis.com/jobs/2369523679-senior-client-service-manager-en/
Posting date: 2026-10-02; jobs.ch mirror 2026-10-09
Language: (Swiss) German fluent and English fluent; French/Italian advantageous. German above B2 flagged.
Compensation: Not listed
Match: Best direct match: strategic key-account management, service coordination, business development, stakeholder management, reporting, and cross-/upselling. Service-oriented industries are explicitly accepted, which makes the iGaming/account-management background plausibly transferable.
Docs: No - CV absent

Rank: 2
Role: Senior Account Manager
Employer: Descartes Systems Group
Location/work style: Rheinfelden, Switzerland; remote/flexible with Swiss travel
Source/link: Descartes careers: https://careers.descartes.com/job/senior-account-manager/
Posting date: 2026-10-05; posted 2 weeks ago
Language: Fluent Swiss German and English; French/Italian advantageous. German above B2 flagged.
Compensation: Not listed; posting says competitive compensation and benefits
Match: Strong location and role fit: owns Swiss customer and partner relationships, renewals, retention, customer satisfaction, and upsell growth in B2B SaaS/logistics technology. Caveat: asks for EDI, P2P/O2C and e-invoicing domain knowledge, which could be a gap without CV evidence.
Docs: No - CV absent

Rank: 3
Role: Customer Success Manager Scaled Accounts - Switzerland & Austria
Employer: Matrix42
Location/work style: Remote Switzerland / Rothenburg; full-time permanent
Source/link: Matrix42 Personio: https://matrix42.jobs.personio.com/job/2840878?language=en
Posting date: Current official listing; aggregator seen 2026-10-13/17
Language: Fluency in English and (Swiss) German. German above B2 flagged.
Compensation: Not listed
Match: Very strong customer-success/account-management fit: manages 100-150 customers, drives adoption, renewals, retention, growth, escalations, CRM hygiene, and cross-functional coordination for enterprise software. Basel commute not needed due Swiss-remote setup.
Docs: No - CV absent

Rank: 4

Role: Customer Success Manager Digital - Switzerland & Austria
Employer: Matrix42
Location/work style: Remote Switzerland / Rothenburg; full-time permanent
Source/link: Matrix42 Personio: https://matrix42.jobs.personio.com/job/2840916?language=en
Posting date: Current official listing
Language: Fluency in English and (Swiss) German. German above B2 flagged.
Compensation: Not listed
Match: Strong fit if Alexandra has customer-operations and lifecycle/CRM experience: builds digital customer journeys, onboarding/adoption/renewal workflows, customer communications, and coordinates Marketing, RevOps, Sales, Support, and partners. More operations-heavy than classic account management.
Docs: No - CV absent

Rank: 5
Role: Customer Success Manager, Hospital IT Software
Employer: IQVIA
Location/work style: Basel or Risch-Rotkreuz; hybrid; full-time
Source/link: IQVIA careers: https://jobs.iqvia.com/en/jobs/R1564554-0
Posting date: Employer/Workday result 2026-09-11
Language: German must-have; French strong nice-to-have. Potential German above B2 flagged.
Compensation: Not listed
Match: Strong customer-success structure: onboarding, implementation coordination, stakeholder management, renewals, account development, requirements gathering, risk/escalation management. Caveat: requires Health IT, HIS, HL7/FHIR/API integration knowledge, so suitability depends heavily on unverified CV details.
Docs: No - CV absent

Rank: 6
Role: Kundenberater/in Beratungszentrum
Employer: WIR Bank Genossenschaft

Docs: No - CV absent

Top-role tailoring notes if CV becomes available

1. Albedis: emphasize key-account development, client retention, service coordination, cross-functional delivery, negotiation, and reporting from account-management/iGaming operations experience.
2. Descartes: emphasize B2B relationship ownership, renewals, upsell, partner coordination, customer satisfaction, and any logistics/payments/API/process experience if present in the CV. Do not claim EDI/P2P/O2C expertise unless the CV supports it.
3. Matrix42 Scaled Accounts: emphasize portfolio management, customer lifecycle ownership, renewals, CRM discipline, stakeholder communication, and commercial/customer-outcome mindset.
4. Matrix42 Digital: emphasize customer operations, onboarding/adoption journeys, lifecycle communications, process improvement, CRM workflows, and coordination across Sales/Support/Marketing.
5. IQVIA: emphasize onboarding, implementation coordination, customer success, requirements gathering, and stakeholder management; avoid health-IT technical claims unless present in the CV.

Excluded or downgraded roles

Key Account Manager Konsumentenklebstoffe - Henkel - High-fit Basel KAM snippet, but both official Henkel URLs returned 404 through live fetch. Not ranked as open.

Account Manager Basel - dbi services - Search snippets and jobs.ch showed a relevant Basel IT-services AM role, but official dbi page and jobs.ch detail fetch both returned 404. Not ranked as open.

Customer Service Manager - Medartis - Search snippets/jobs.ch showed a Basel role, but the official Medartis Solique page now shows the broader openings list without this job. Aggregator also indicated applications temporarily suspended.

Enterprise Account Manager - Diligent - Search result looked strong for Zurich GRC SaaS, but the live Greenhouse page showed current openings without the Zurich Enterprise Account Manager posting. Treated as closed.

Institutional Sales & Relationship Manager - Basler Kantonalbank - jobs.ch search snippet looked current, but the live detail URL resolved to a generic jobs list rather than the posting. Also highly specialized in asset-management product sales.

Customer Success Manager - Lyfegen - Application deadline shown as 2026-10-10; expired before this run.

Customer Service Agent - Brenntag - Official Workday fetch returned empty content and an aggregator indicated applications temporarily suspended; also more junior/order-processing oriented than the target level.

Customer Success Manager - Dalux Basel - Current search did not show an open Basel CSM role; evidence pointed to older 2025 hiring activity or non-Basel current roles.

Outside Account Manager - Cannondale - Western Switzerland territory, cycling/outdoor industry network requirement, frequent travel, and fluency in French/German/English; less direct and likely language/sector stretch.

Salesforce senior/global CSM variants outside Switzerland - Several were Dublin, US, or global/senior-manager postings rather than Basel/Swiss-accessible roles.

Document generation status

Tailored CV and cover-letter documents for top roles were intentionally skipped because no CV file exists under cv_input/ beyond .gitkeep. Generated application documents would require verified facts such as Alexandra's employment history, education, dates, languages, contact information, and measurable

achievements. This run therefore generated only the weekly report and a document-generation notice.

Next actions for Alexandra

- Add the current CV as PDF or DOCX under cv_input/ before the next run.
- Confirm language levels, especially German/Swiss German and French, because most high-quality Basel and Swiss corporate roles require fluent German or stronger.
- If language fit is confirmed, prioritize Albedis, Descartes, and Matrix42 Scaled Accounts first; they show the cleanest overlap with account management, customer success, retention, stakeholder management, and operational coordination.
- For regulated-sector roles, only proceed if the CV supports the required banking, compliance, financial-advisory, healthcare IT, or technical SaaS experience.
